+1 825 977 8458

Portfolio: https://markluigibatoctoy.vercel.app/

Front End Developer with 3 years of experience in building dynamic and responsive websites using HTML5, CSS3, and JavaScript. Proficient in modern technologies such as Tailwind CSS, Next.js, and React, with a strong ability to translate design specifications into high-quality code. Adept at optimizing performance and ensuring cross-browser compatibility. Committed to continuous learning and staying updated with the latest industry trends to deliver cutting-edge solutions.

Willing to relocate: Anywhere

## Work Experience

### Software Engineer

Koda Kollectiv Inc.

June 2023 to June 2024

As a software engineer, I specialize in using React.js, Next.js, and TailwindCSS to create high-performance, functional websites, supported by Laravel for backend development and RESTful API creation.

### IT Full-stack Developer

Cubic Solutions Inc

June 2022 to June 2023

As a full-stack developer, I leverage PixiJS, Three.js, and Vue.js to transform design concepts into interactive websites. I also integrate REST API and Socket.IO to ensure dynamic data handling and real-time communication.

### Web Developer

WEB2.PH

March 2021 to May 2022

As a Web Developer, my responsibilities include translating UI/UX designs into fully functional responsive WordPress websites for both mobile and desktop platforms, ensuring completion within 3 days.

## Education

### Bachelor of Science in Information Technology

University of Southern Philippines Foundation

October 2018 to October 2019

University of Cebu

June 2014 to October 2018

## Skills
